

pasquali **FORK LIFT**

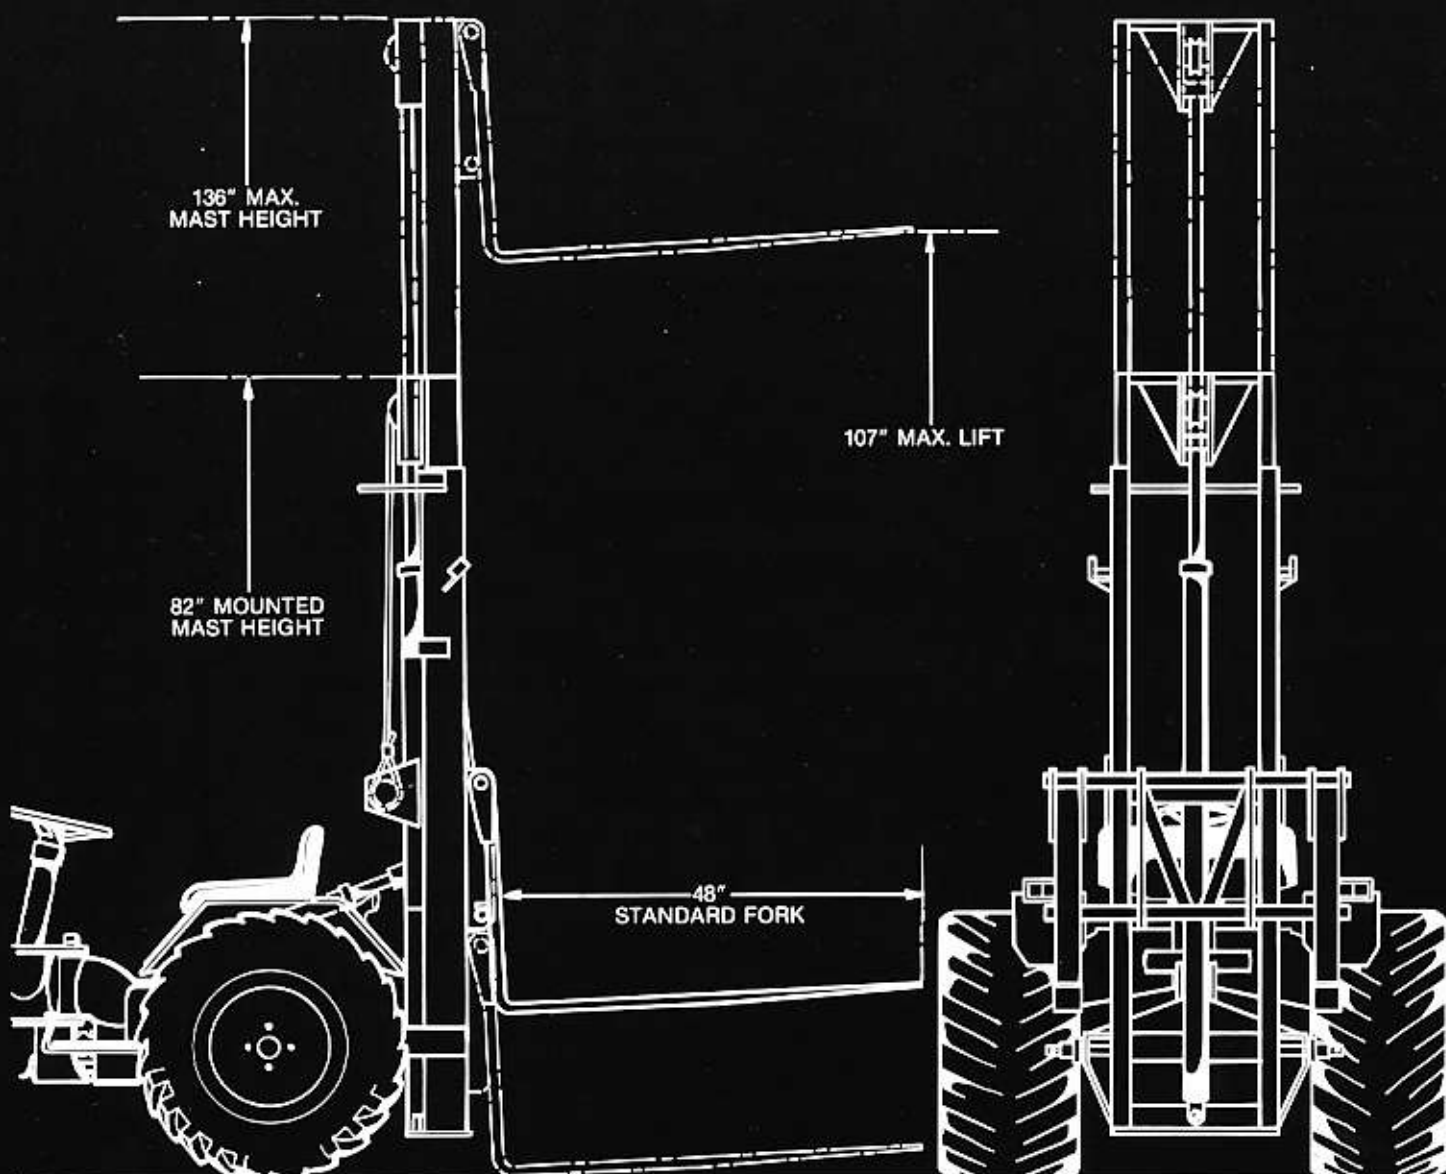

Convert Your Pasquali Tractor to a Fork Lift

The new Pasquali Fork Lift attachment mounts quickly and easily to the rear of our articulated tractor line to provide a maneuverable, cost effective, all-terrain, utility lift vehicle. On the farm, in the orchard & around the nursery, Pasquali tractors equipped with this new lift attachment can handle a wide range of material handling assignments efficiently. Some features of this attachment are listed below:

- Uses standard tractor hydraulics
- Hydraulic lift
- Hydraulic tilt
- Adjustable fork width

pasquali **FORK LIFT**
