

# ***pasquali*** SKIDDING WINCH

## **5500 LBS. PULLING CAPACITY**

Mount the Pasquali skidding winch onto the 3-point hitch of your diesel powered, articulated 4-wheel drive Pasquali tractor to create a powerful fuel efficient, maneuverable tree harvesting machine. Pasquali's compact size, coupled with its exceptional traction and stability, allows easy access to all corners of your woodlot. Some features of this winch are:

- Category 1 3-point hitch
- 5500 pulling capacity
- Rugged 5/8" chain drive
- Standard slip clutch
- 150 ft. of 3/8" cable
- Many accessories available

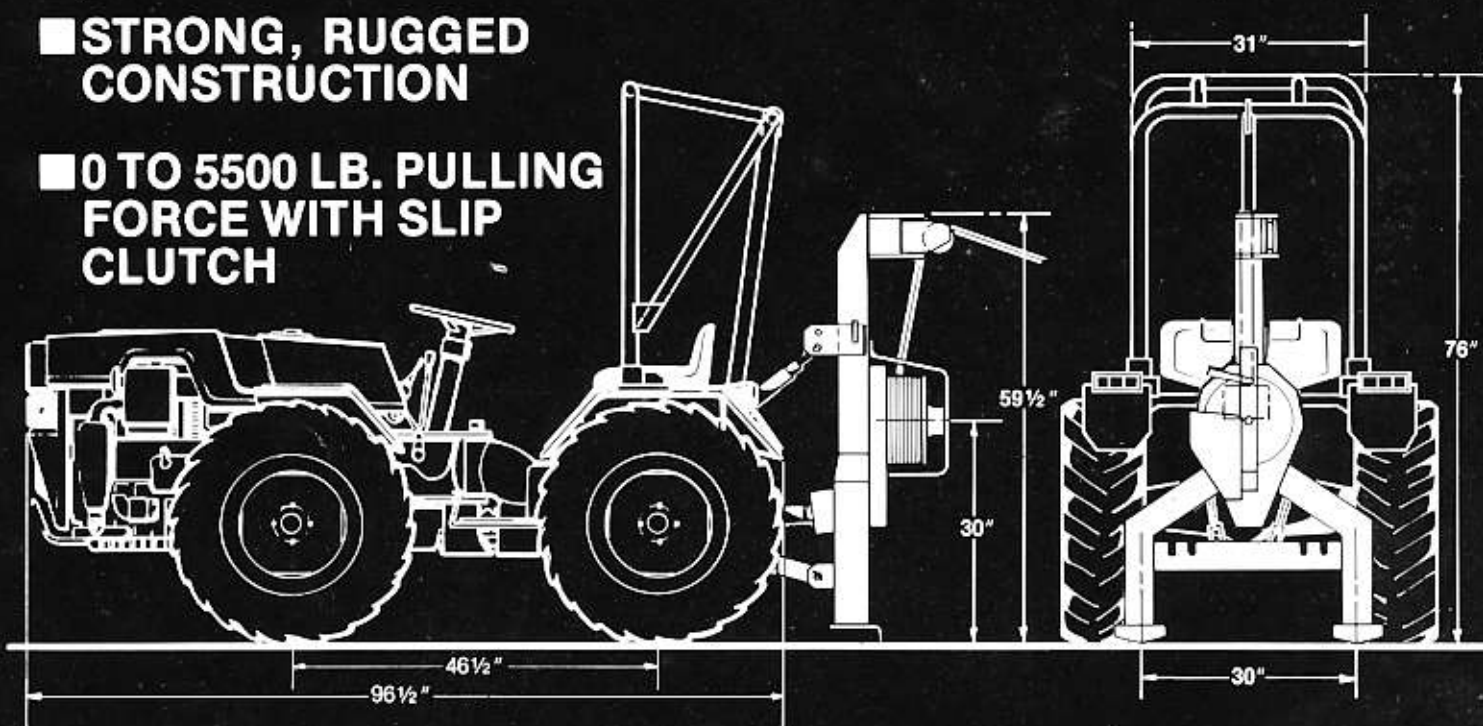

# ***pasquali*** SKIDDING WINCH

■ EASY 3-POINT MOUNT

■ STRONG, RUGGED CONSTRUCTION

■ 0 TO 5500 LB. PULLING FORCE WITH SLIP CLUTCH

■ Ideal, low cost solution for easy harvesting of pulpwood or firewood.

■ Designed for safe, one-man operation.

■ Many other uses as in auto salvage yard or construction use.
